

HEY! I AM DONG.
FRONT-END DEVELOPER.
LIVING IN HO CHI MINH CITY.

ABOUT

I am a patient and confident person, able to co-operate with teammates and to work under high pressure. I always meet requirements, overcome targets, build trust with managers when doing part time job. I am trying to improve communication skills in English and plan to learn Spanish by myself.

CAREER OBJECTIVE

I'm learning myself HTML, CSS and Javascript because my interest about them. I'm ready to take the next step in my career - Front-end Development.

In long term, I will take advanced courses to sharpen technical skills and expand knowlegde about other channels.
